SUMMARY

I am a fresh graduate of S1 Informatics Engineering from Indraprasta University PGRI in 2024 with a GPA of 3.56. I have over 4 years of experience in programming, having worked with two companies. where I honed my abilities in designing, developing, and maintaining applications. I have the ability to work both individually and in a team, and enjoy trying new things and facing challenges in a dynamic environment. Having a high sense of responsibility, I always try to give my best in every job. With a strong background and a passion for continuous development, and I am committed to continuous development for contributing positively to my workplace.
